## OBJECTIVE

---

Seeking a job opportunity in **Digital Art and Graphic Design, 2D and/or 3D**, where I can provide strong, decisive and creative driven results. I am a confident, passionate and motivated individual who enjoys accepting new challenges. Possessing high standards, solid communication and organizational skills and project management abilities, able to multi task and adapt quickly to changing priorities. Constantly work to succeed and improve myself and possess an extremely effective attitude with a strong work ethic and the ability to achieve and maintain high standards whether in a team or individual environment.

## PROFESSIONAL QUALIFICATIONS

---

**Twenty five years** of Automotive Design experience of interior and exterior components and assemblies. **Some related or parallel qualifications include:**

- Involved with many programs in design through the concept, prototype and production phases.
- Experienced working closely with Management, GM Design Studio; clay modeling and CAD Surfacing Groups to accommodate proper design principles.
- Coordinated efforts with outside Suppliers and Clients to complete the design.
- Supervised Designers in executing various component designs.
- Responsible for sending and receiving design data to and from clients.
- Worked with High Level Management, very comfortable with meetings, presentations, and working with individuals of other cultures.
- Proficient on the PC and Mac computer systems.

## SKILLS AND SOFTWARE

---

- Adobe Photoshop CS4
- Adobe Illustrator CS4
- Autodesk Maya 2010

## EDUCATION

---

- Macomb Community College, Warren, MI- Media & Communication Arts- Digital Art in Design and Layout, 3D Modeling and Animation, Associates of Applied Science. Currently attending, Graduation 2010, Dean's List Recognition, 3.9 GPA.
- Practical Catia Academy, Catia V5 CAD Training.
